SOLAR KIT PHAROX

Solar power lantern 3 LED lamp. Kit consisting of solar panel, solar lamp and 3 meter connecting cable. The most important functionalities of the Pharox Solar Kit are:

Charged with solar panel in 8 hours in full sunlight / 12+ h when cloudy.

Charge your mobile devices like phones, mp3 players and iPod through the built-in usb connection
3 light levels, the highest level can lit up a complete room of around 10 m².

9 to 45 hours of light when the battery inside is fully charged, depending on the chosen light level.
AGM battery for quick recharge and longer service life.

The packaging is robust and re-usable. It avoids possible damage during transport or influences from water and dust.

Intended use as table lamp and/or ceiling-lamp

Collo: 1
Size: 19 x 15 x 15 cm / 0,004 m³
